

WHERE LEARNING NEVER ENDS

SCHOOL PROSPECTUS

ABOUT US

The Neoteric World School with its holistic education plan and intention aims to develop a deep sense of attachment among the students for their school, the society and the country.

The meaning of education is vast and we intend to decipher what's most relevant out of it where values imbibed at school stand at the top along with the human virtues that make our child stand apart in the community of learners as a mature thoughtful and gentle human being who while being progressive is kind and accommodating to the common masses and who bears the onus of the people in need with a pleasant smile and ease.

The school aims to create an environment in sync with our philosophy and vision wherein the child is scientifically

inclined and poised well preserving his essential human character in a child centric happy environment where the school becomes an extension of his family to aid learning in a conduciveness that aids creativity and discovery, development of the inner faculty and preservation of the core values of compassion and empathy.

The school is a platform for the children to play, learn and excel in at least one sport which is equally relevant to holistic growth and evolution.

The soul of the school embodies a promise where each child learns a musical instrument, plays a sport and be a member of one of the several clubs and societies for his all encompassing development.

FROM THE DESK OF THE DIRECTOR...

Dear parents,

Greetings from the school!

As we embark on another promising academic year, I extend a warm welcome to each of you. At Neoteric World School, we embrace the transformative power of education and the pursuit of excellence in all facets of life. Our educational philosophy centres around cultivating a holistic approach to learning, nurturing not only academic prowess but also character, values, and a sense of responsibility.

Our school stands as a microcosm of the world we aspire to create—a realm where knowledge is a tool for positive change, and empathy and compassion hold equal significance to academic achievements. We are committed to empowering our students to be not only successful professionals but also responsible Indian and global citizens, contributing meaningfully to society.

Our devoted faculty members are enthusiastic about guiding students on their educational journey, imparting not only academic knowledge but also life skills that extend beyond the classroom. Embracing change, we welcome new staff members who bring vibrant ideas and diverse experiences, enriching our dynamic team. Together, our goal is to foster an inclusive environment where every student feels valued and supported.

Best Wishes,
MR. GAURAV GUPTA
Director

I am pleased to share that our school is affiliated up to the 12th grade with CISCE, underscoring our commitment to maintaining high academic standards. As one of the only CISCE-affiliated schools in Gwalior, with a 3-acre campus and ample sports arenas offering four streams—Medical, Non-medical, Commerce, and Humanities in grades XI and XII—we provide diverse opportunities for students to pursue their interests and passions. This achievement reflects the dedication of our entire school community, from teachers and students to parents and support staff.

Thank you for entrusting us with the education and growth of your children. Here's to a year of inspiration, growth, and shared success. Together, let us continue to uphold the ideals of our school, creating a vibrant and nurturing community that empowers each student to reach their full potential.

Wishing you all a successful and fulfilling academic year!

VISION

To nurture happy children with high moral values and strong scientific temperament who will contribute positively to the society & excel in their chosen fields.

MISSION

The Neoteric World School commits to building a strong confident community of well-tempered learners with our education who are emotionally balanced young girls and boys unfazed in the face of the problems & capable of thinking cogent solutions to offer ideas in a free thinking environment.

To instill the right moral values among students along with a scientific temperament with an aim to enable them to take decisions with conviction and express their opinion fearlessly and fluently. To prepare future leaders to lead with compassion and empathy as their core values who are willing to adapt to the modern education and learning with essential thoughtfulness for the general masses in their immediate surroundings.

To bring forth keen team players who will keep the interest of the people they work with at the fore front, who are well poised, composed and dependable human beings with intentions turning into action.

OUR SCHOOL HOUSES

CURRICULUM

PLAY • LEARN • GROW

GRADE III-VIII

Our students experience the joy of learning , gain a deep understanding of important concepts, learn to accept personal responsibility of actions, decisions and outcomes, also are guided by self- motivated, well- trained and nurturing teachers. Our aim is to prepare the learners to be ready to face challenges of an ever advancing knowledge based society and a dynamically changing environment. It is imperative that our students are well equipped with a repertoire of skills along –with creativity, decision making, positive attitude and prospectiveness to become successful citizens in a globally competitive society.

GRADE IX-X

The knowledge and skills gained during middle school years equip students with a firm academic base to pursue a variety of educational options in future. Students are presented with opportunities to question, take risk, collaborate, and understand responsibility to question, take risks, collaborate, understand responsibility for independence work with research and pursue individual interest. Students in senior grades become more specialized in academics and are focused on their eventual career choices. Neoteric World School is affiliated to CISCE and follows their curriculum which enables children to be well – prepared and future ready and leads them in a progressive, systematic and scientific manner, keeping in view the prevalent trends & requirements in the field of education.

GRADE XI - XII

These crucial years play a pivotal role in equipping our students with the essential skills and knowledge required for their future endeavors. Our aim at Neoteric World School is to provide a comprehensive and enriching academic experience that caters to the diverse interests and career aspirations of our students.

ISC curriculum that we offer is designed to not only impart subject-specific expertise but also foster critical thinking, problem-solving abilities, and effective communication skills. As students progress through ISC, they are exposed to a diverse range of subjects, carefully curated to align with both traditional and emerging fields enabling them to make informed decisions about their academic and career paths. The available combinations include a mix of Science, Commerce, and Humanities streams, allowing students to tailor their education to their individual strengths and passions.

SCHOOL MILESTONES & TRIUMPHS

• TRINITY:

We at Neoteric World School are offering two courses of trinity -'Communication skills' and 'Music and Arts' along with 'Speech and Drama. Trinity courses help and prepare students to build communicative and interpersonal skills, organization skills, critical thinking skills and confidence.

• FRENCH & SANSKRIT:

Creating world citizens of tomorrow and understanding the importance of learning both Indian & foreign languages we offer both Sanskrit & French as the third language option.

• SCHOOL CAFÉ AREA:

The cafeteria is an essential part of almost every student's school experience. NWS will provide opportunities to our students to sit in comfortable environment to eat and socialize with their peers and be able to relax and have fun to recharge their energy which will help them to continue working hard throughout the day.
